

PRESS RELEASE

APart

-Embargo until 29 January 2008-

Antwerp, January 10, 2008

APart ceiling speakers now standard available in white, black and silver color.

In the run-up to the ISE fair in Amsterdam, APart Audio announces that the flagship models of its critically acclaimed range of ceiling speakers will be standard available in three colors.

As from February the CM6E, CM608, CM6T, CM20T and CMX20T will be standard available in white, black and silver. On top of these colors, and as an option, all ceiling speakers can be painted into any RAL color.

This extension completes a comprehensive range of ceiling speakers that consists of 3", 6.5" and 8" speakers (dual cone and two-way). They are manufactured in various materials (metal, ABS) and different shapes (round, rectangular, square).

Thanks to their stylish design, these speakers fit into any interior or architect's project. Voice applications in boardrooms, evacuation or paging in public areas, background music in restaurants or supermarkets: there is an APart speaker for every possible application or purpose.

APart exhibits at ISE in Amsterdam –stand L120- from 29-31 January 2008.

APart is a Belgian professional audio brand that develops, produces and markets quality speakers and electronics for use in various applications: from supermarkets to public transport, from bars and restaurants to boardrooms. APart is a division of the Antwerp based Audioprof group, a privately owned company with a strong and independent financial position and dedicated management.
